This document is the Target Market Determination (**TMD**) for Wiggle Bicycle Insurance Essential Cover (**Insurance**) arranged and promoted by Wiggle Australia Pty Limited (Wiggle) ABN 14 601 479 930 and administered by Velosure Pty Limited (**Velosure**) ABN 81 151 706 697 AR No. 410026, authorized representative of the issuer, The Hollard Insurance Company Pty Limited (**Hollard**) ABN 78 090 584 473, AFSL 241436 (together '**we**'). This TMD was prepared on 15th September 2021.

We take a consumer-centric approach to the design and distribution of insurance products to make sure that our products are suitable for the consumers who buy them.

## *Purpose of this document*

The purpose of this TMD is to describe the class of customers for which the Insurance has been designed and to specify distribution conditions, which together ensure that the Insurance is likely to be consistent with the likely objectives, financial situation and needs of those consumers.

It's important to note that this TMD doesn't take anyone's personal circumstances into account. Even if you are a consumer in the target market, and we offer the Insurance to you, that doesn't necessarily

mean that it is appropriate for your personal circumstances. No one knows your situation better than you, so before you make any decisions about the Insurance, you should read and consider the Product Disclosure Statement (**PDS**) which provides complete information about the Insurance, including coverage, exclusions, excesses, limitations, terms and your rights and obligations to decide if the Insurance is right for you.

Also, this TMD doesn't include all the factors we consider when we decide whether to issue a policy. For example, we have a set of underwriting criteria we use to assess whether a risk is of a type or level we wish to insure. These factors may change over time or in different circumstances. We apply these factors when we decide whether to offer, issue, renew or agree to vary a policy.

The information below explains when and how each key attribute is likely to be consistent with the likely objectives, financial situation and needs of customers in the target market. #### *New policies*

The Insurance is arranged and promoted by Wiggle Australia Pty Limited (Wiggle) ABN 14 601 479 930 and administered by Velosure as the Authorised Representative of Hollard, the insurer.

Before you purchase the Insurance, you will be asked a series of questions designed to confirm that you are eligible for the Insurance and any optional covers. Customers who are eligible will be in the target market if they also:

- meet our underwriting guidelines; and
- are able to pay the applicable premium we charge.

We have a range of supervision and monitoring procedures and contractual arrangements with Velosure to ensure that customers are asked these questions and that they are only offered the Insurance if they are likely to be in the target market for the type of cover and applicable key attributes.

#### *Renewals*

Before a policy expires, we will consider:

- the information you previously provided to us;
- updates to that information; and
- other potential changes.

Based on this information, we will consider whether it's likely that you are in the target market for your current type of cover and applicable key attributes and whether we will offer renewal. In making this assessment, we will have regard to the likely impact on customers of offering cover to customers who are not in the target market and of other various alternatives.

As part of the renewal process, we will contact you to confirm the information we have that is relevant to assessing whether you are in the target market and whether we will offer to renew your policy (or notify you that we will not renew). If we believe that you are not likely to be in the target market for your current type of cover, or if we decline to renew, we will explain this clearly and prominently.

If, having been sent our renewal communication, you contact us with any changes or instructions, accept the renewal offer and/or allow a renewal to proceed on the terms offered, we will take that into account in determining whether you are likely to be in the target market.

### TMD Reviews

We will review this TMD regularly to make sure it remains appropriate. The first review will be within 12 months of the date it is prepared, and then within 3 years of completion of the previous review thereafter.

As well as our regular reviews, additional reviews may be triggered if we determine that there has been an event or circumstance that reasonably suggests that this TMD needs to change. This would be the case if it's no longer reasonable to conclude that:

- if the Insurance is issued to a customer in accordance with the distribution conditions, it would be likely that the customer is in the target market; or
- the Insurance is likely to be suitable for customers in the target market.

Review triggers could be identified from:

- changes to the Insurance terms;
- compliance incidents and internal audit findings;
- information received from and/or in relation to distributors (see below);
- changes to our underwriting guidelines, pricing, or reinsurance requirements; and
- feedback and policy from ASIC, AFCA, Code Governance Committee and/or other relevant bodies.

We take reasonable steps to monitor relevant information (including the information referenced above) and other metrics to assess if our TMD needs to be reviewed and reassessed.
